INFORMATION BOTH PRACTICAL AND SCIENTIFIC. BY ERNEST BRAUNTON

### COOLIDGE PAYS TRIBUTE TO CONFEDERATE DEAD

**Arlington Memorial Day Address Stresses Bond of People in Common End of Nation**

(BY A. P. NIGHT WIRE)

WASHINGTON, May 25.—Unstinted tribute to the Confederate dead was paid today by Calvin Coolidge, the first New Englander to become President since the Civil War. Speaking at the Confederate Memorial Day exercises at Arlington, the President looked across the green slopes where the Confederate and Union dead sleep almost side by side and declared that the nation was stronger than ever following Grant or Lee as leveled their hosts, raised up a united nation and made us all partakers of a new glory.

### ANGELENO SAYS TANK IS HIS IDEA

**Inventor Now in Norway Declares War Machine is Product of Own Brain**

(BY CARL E. SCHWARTZ)

CHRISTIANIA (Norway), May 25.—"On behalf of the United States I claim the honor of having invented the famous war tanks," says Anker Holth of Los Angeles.

Mr. Holth is an aged Norwegian, but is now a citizen of the United States. He has prepared his case quietly and announces his intention of going to London where a committee will decide who is to be rewarded as the inventor of the tanks used in the World War.

### THIRD-PARTY TALK IDLE

**No Candidate in Prospect**

**La Follette Expected to Decline Leadership of New Organization**

**Insurgents Can Only Hope to Bring Deadlock in Electoral College**

BY ARTHUR SEARS HENNING

WASHINGTON, May 25.—The most popular political bogey these days is the third party, which we are impressively warned is going to play havoc with the major parties and our cherished institutions, and bring the country to the brink of disaster, if it succeeds in its evil designs.

### MIRAGE GIVEN BLAME BY MAJ. MARTIN FOR CRASH

**Illusion of Water Lured Aviator From Course; Throng Greeted Airmen at Bellingham**

(EXCLUSIVE DISPATCH)

BELLINGHAM (Wash.), May 25.—That mirages among the Aleutian Islands, on the Alaskan peninsula, which he followed unsuspecting the dangers that lurked beyond the pale of the atmospheric illusion, were the chief factors contributing to the wreck of the flagplane Seattle on the rugged slopes of a bleak, unnamed elevation, April 30, was the statement made by Maj. Frederick L. Martin, American world-flight commander, who, with Sergt. Alva L. Harvey, arrived in this port at 10:15 a. m. today aboard the Pacific-American Fisheries steamer Catherine D from Port Moller, Alaska.

### TO SPEAK TO NOTABLES

**Oration Finals on June 6**

**President to Act as Chairman, Supreme Court Justices to Pick Winner**

**Special Box Score on Contest to Be Furnished to "Times" Readers**

BY ROBERT B. ARMSTRONG

WASHINGTON, May 25.—The most impressive array of notables ever assembled in the history of American education will mark the final meeting of the national oratorical contest on the Constitution in this city on June 6. Details of the program for that evening were given out today by Randolph Leigh, national director of the contest.

### GIRL'S DISAPPEARANCE IS CLEW IN FRANKS CASE

**Last Seen Near Spot Where Boy Murder Victim Vanished and at Same Time**

(BY A. P. NIGHT WIRE)

CHICAGO, May 25.—Confronted by a boy pupil of a private school attended by Robert Franks, who was last seen leaving there before he was slain, Mott Kirk Mitchell, assistant principal and athletic instructor, tonight admitted, according to the State's attorney, he had behaved in an unseemly manner toward the pupil. No reference was made to the Franks boy.

### SECRET MAY GIVE BERLIN LOST LANDS

**Sleeping Sickness Cure is Seen as Club to Wield in Colony Regaining**

BY HENRY WALES

PARIS, May 25.—Will Germany demand as a price for the secret of the cure for sleeping sickness the return of all or part of the African colonies?

This is what the British and French are asking following the completion of a series of successful experiments by German savants, Prof. Kleins and Dr. Fisher, who spent two years in Rhodesia and the Belgian Congo using vaccine, the formula for which was found in the Bayer laboratories at Elberfeld.

### EMPIRE DAY CELEBRATED BY ENGLAND

**King and Queen and Royal Family at Services of Thanks and Prayer**

BY JOHN STEELE

LONDON, May 25.—Empire Day was celebrated today in the world's largest stadium, Wembley Park, in the presence of King George and Queen Mary and other members of the royal family. The ceremony was presided over by the Archbishop of Canterbury, who read a prayer for the empire builders of the past and for the guidance of the present and future.

### FLYERS TO HOP OFF AGAIN

**American Aviators Feted in Tokyo on Departure to Resume Around-World Trip**

(BY CARL E. SCHWARTZ)

TOKIO, May 25.—The American Army around-the-world flyers, after a busy round of entertainment in Tokyo during which they received much praise for their achievement in crossing the Pacific, left tonight by rail for Kasumigaura with the announcement that they would be glad to "get back to work" in preparation for the resumption of their flight.

**WOMEN VOTERS  
OUTLINE STAND**

League's Main Plank is for  
World Court Entrance

Major Conventions Will be  
Attended by Leaders

Hope to Have Ideas Put in  
Political Platforms

(SPECIAL DISPATCH)  
WASHINGTON, May 25.—The  
League of Women Voters, which  
is the first and foremost of the  
merit system in office, increased  
appropriations for the women's  
bureau and the bureau of  
home economics and equal  
opportunity throughout the  
nation are among the planks  
to be presented by the  
National League of Women Voters  
to the Republican and Democratic  
conventions for incorporation in  
the platforms of both parties, according  
to a statement issued at league  
headquarters today.

The full strength of the organization  
is lined up for the World  
Court, which is first and foremost  
the main objective of the league's  
campaign for national co-operation.

Removal of legal discriminations  
against women by specific measures  
not prejudicial to women's labor  
laws or to special welfare legisla-  
tion, also is to be urged by the  
women voters upon all political  
parties.

The league purposes an intensive  
drive to secure incorporation of  
its ideas in the platforms. Copies  
of the suggested planks will be  
sent to all convention dele-  
gates, and presidents of State  
leagues have been requested to ar-  
range deputations in favor of the  
planks of delegates before they  
leave home.

Several members of the national  
board will attend both conven-  
tions in addition to the chairman  
of the league's official delegations,  
Mrs. Richard Edwards of Peru,  
Ind., and Mrs. John R. Jacobs of  
Birmingham, Ala. Mrs. Edwards  
will be in charge at the Republi-  
can Convention, and Mrs. Jacobs at  
the Democratic Convention.

The national league will main-  
tain special headquarters in New  
York and Cleveland during the  
conventions.

**Missouri Wind  
Kills Two; Many  
Believed Dying**

(BY A. P. NEWS WIRE)  
POPLAR BLUFF, (Mo.) May 25.—  
Two persons died, about  
fifty injured, several probably fa-  
tally and thousands of dollars  
damages to property and live-  
stock is the toll of the  
swept Southwest Missouri late  
Saturday night.

While reports of the storm  
have been trickling in over dis-  
tributed wire facilities, reports of ad-  
ditional loss of life in the storm  
still lacked confirmation tonight.

The known dead are G. Ander-  
son, 3 years of age, and an un-  
identified negro.

**Woman Shot in  
Klansmen War  
Is Badly Hurt**

(BY A. P. NEWS WIRE)  
BELLLEVILLE (Ill.) May 25.—  
Mrs. S. Glenn Young, wounded in  
an attempted assassination of her  
husband, Ku Klux Klan leader, is  
in a "fortified condition" at St.  
Elizabeth's Hospital here, Dr. C. H.  
Starkel said late today.

Mrs. Young was struck in the head  
and face by eighteen to twenty-five  
bullets.

Young, who was wounded in the  
right leg, will suffer no perma-  
nent ill-effects, barring the possi-  
bility of infection, Dr. Starkel said.

The bone was splinted by a bul-  
let which was removed today.

**McADOO IS  
BACK HOME;  
OPTIMISTIC**

Candidate For President  
Confident of Victory in  
Convention

A large number of friends and  
Democratic supporters of William  
G. McAdoo, candidate for the  
Presidential nomination, met him  
at the Santa Fe Station yesterday  
afternoon on his return from a  
campaign trip to the South and  
East. They found Mr. McAdoo in  
high spirits and in a brief talk  
from the platform of a car, he  
spoke confidently of the outcome  
of the New York convention and  
declared that the loyalty of his sup-  
porters in the convention was be-  
yond question. Mr. McAdoo said:  
"Within the next two weeks  
ninety-two delegates to the New  
York convention have been in-  
structed for me, including all the  
delegates from Kentucky, Idaho,  
New Mexico, Oregon, South Caro-  
lina and Tennessee. In addition  
eighteen favorable delegates have  
been chosen from Michigan. Dur-  
ing the same period, as far as I  
know, no delegates have been in-  
structed for any other Democratic  
candidate."

"I am particularly gratified by  
the fact that the support given to  
me is national in scope, and that  
the Democratic party is united in  
its support of me, in addition to  
the support of the Senate and the  
House of Representatives."

McAdoo, who is a member of the  
Democratic National Committee,  
said that he was confident of  
victory in the convention.

**NO FUNDS FOR  
CONGRESSMEN**

Contributors in Both Parties  
Withhold Support

Letters Reveal Temper of  
People in Campaign

Disfavor is General Against  
Legislative Body

(SPECIAL DISPATCH)  
WASHINGTON, May 25.—"In  
conclusion, permit me to say that  
under no circumstances will I con-  
tribute so much as a dollar to the  
campaign fund this year, if one  
penny of it is to be used in the  
Senate or Congressional cam-  
paign."

This extract from a letter re-  
ceived today at the offices of one  
of the political committees is re-  
peated in substance in literally  
hundreds of letters coming into  
Washington this week-end. To  
many the particular committee is  
not necessary; letters of precisely  
the same import are coming to all.  
There are six or seven political  
committees with headquarters in Wash-  
ington functioning with more or  
less activity. The Republican party  
and the Democratic party each  
maintains three, namely, the na-  
tional committee, primarily devoted  
to the election of the President and  
Vice-President; a Senatorial com-  
mittee, whose business is to elect  
party candidates for the Senate  
and the House of Representatives;  
and a Congressional committee,  
which performs the same service  
for party candidates for Repre-  
sentative in Congress. These six  
committees in preparation for the  
campaign, are now engaged in  
raising the necessary funds, and  
all of them are having the same  
experience.

Without parallel.

Since the action of Congress on  
the tax bill and the bonus bill, the  
overwhelming masses of letters re-  
ceived by the various committees  
have been practically of one sort.  
Congress, in both branches, is con-  
demned in unsparring fashion. The  
temperature of the masses re-  
ceived by the Democratic commit-  
tee is quite as high as that of  
those received by the Republi-  
can organizations.

A Democratic scout, who re-  
turned last night from a tour of  
the Southern States, brought back  
a report of violent criticism of  
Democratic Senators and Repre-  
sentatives encountered in every  
place he visited. Republican ob-  
servers returning from various  
parts of the country tell their  
committees that the popular ap-  
praisal of the Democratic party  
is almost to a political revolution.

The situation finds no parallel  
within the memory of anyone con-  
nected with the several campaign  
committees. It is not merely big  
business and the moneyed class  
who are refusing to make  
subscriptions at this time. The dis-  
affection extends to all classes.

Congress has been growing in  
unpopularity for many years, but  
never has it been so generally in  
disfavor as now. The correspond-  
ence received by political commit-  
tees is accepted as a measure.

MAY HAVE TO QUIT

It is probably true that the na-  
tional committee of both the old  
party and the new party will be  
able to obtain enough money  
to carry on their campaign. The  
present indications, however, are  
that the Senatorial and Congres-  
sional committees of both parties  
will have to quit. They have no  
resources upon which to draw.

In years past, each has been able  
to collect relatively large sums,  
the major part of which were put  
into close districts and States.  
This time the treasuries are empty.  
Aside from lack of funds, the  
major part of which were put  
into close districts and States.  
This time the treasuries are empty.

There, for example, is the case  
of the Republican Senatorial Com-  
mittee of which Senator George  
Moore of New Hampshire is chair-  
man. His business theoretically is  
to help elect Republican Senators  
in seventeen States now repre-  
sented by nominal Republicans, and  
to do the best it can to win in  
fourteen States now represented by  
Democrats whose term expires  
in Minnesota where the farm-

ers are in a bad way.

**CHANCE TO LEARN  
LINOTYPE TRADE**

Linotyping is one of the  
best-paid trades. It is easily  
learned by the average man  
or woman. There is a great  
scarcity of linotypers  
throughout the United  
States. For purpose of tuition  
and other information, in-  
quire at 413 Wilcox Building  
or telephone 111-1117.

**SOCIAL WORK  
SESSION OPENS**

Long Beach Mayor Greet  
600 Delegates

Principal Address is Made by  
Dr. E. P. Ryland

Exhibits of Welfare Work  
Feature of Meeting

(SPECIAL DISPATCH)  
LONG BEACH, May 25.—The  
sixteenth annual California  
Conference of Social Workers opened  
today at Municipal Auditorium  
with more than 600 delegates out  
of the 1000 scheduled to attend  
present for the first session.

The delegates were welcomed  
by Mayor Buffum. Following the  
welcome the girls' reserve of  
Long Beach presented a demonstra-  
tion.

In the principal address today,  
Dr. E. P. Ryland, Los Angeles,  
president of the conference, ex-  
plained that the purpose of the  
gathering was to study the prob-  
lems of social welfare work and to  
apply the methods evolved.

WELFARE EXHIBITS  
Prof. Dallas Dore Sharp, pro-  
fessor of English at Boston Uni-  
versity and a naturalist and es-  
sayist, spoke on "Lost Profit in  
America." He deplored the fact  
that America had produced a great  
number of social workers, but he  
said that the world's greatest  
philosopher or leader in spiri-  
tual life.

A feature of today's session was  
the exhibit from thirty-five social  
welfare organizations showing the  
various methods of social work.  
Business transactions included the  
appointment of committees for the  
conference and the presentation of  
the conference.

## SIM CRABILL SAYS

"If you've got a product that's worth guaranteeing, it's worth telling the public about. If it isn't worth advertising, it isn't worth fooling with!"

**GUARANTEEING** a product goes a mighty long way toward assuring its selling success. But the best product in the world, backed-up by the strongest guarantee—won't be a huge success unless your prospects know about them both!

The public is too busy listening-in to broadcasts these days to beat new trails through the woods after "mouse-traps!"

Guarantee the success of your goods by the right sort of Direct Advertising. Reach the listeners-in by broadcasting your own folders, mailing cards, booklets and broadsides.

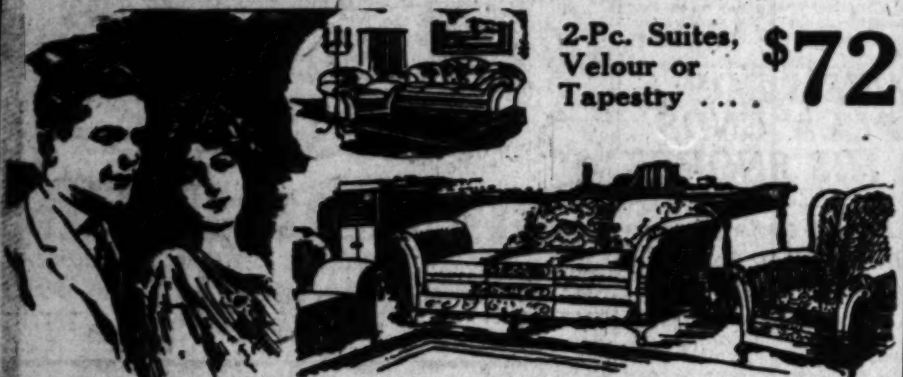

Let our experienced Service Department work with you by helping you plan direct mail campaigns for some of your products right now!

### PLEA MADE TO VOTERS FOR BONDS

School Proposal Warmly Indorsed by Scores of Noted Angelenos

The \$34,640,000 school bonds proposal to be voted on June 3, has been indorsed by scores of prominent persons and public-spirited organizations during the last week. People identified with the Citizens' Committee of Ten Thousand have publicly urged the voters to turn out and carry the issue.

"Education is the prime requisite of progress," said Harold L. Arnold. "Without adequate school facilities general education is impossible. Our Los Angeles schools are now terribly crowded, with puppets in half-time and children housed in tents."

"It is common knowledge to parents who have children in the schools that present facilities are grossly inadequate for caring for all the children. Every woman of Los Angeles should make it her special point to go to the polls, June 3, and vote for the school bonds."

"Increasing numbers of children must be taken care of," stated John Luckenbach, "and every voter should vote for the bonds as a patriotic duty."

"The educational advancement of our city should keep pace with its commercial, industrial and agricultural growth," said Michael F. Shannon, president of the Citizens' Committee of Ten Thousand. "The school districts embrace practically twice the area of the city, and the districts bear the burden of the city's population. Almost 20,000 children under the present conditions can go to school only half-time because of the lack of school-rooms."

**SCHOOLS COME FIRST**

A. C. Denman, Jr., "Young America" is entitled to every educational advantage. If we do not vote for the school bonds we are depriving our children of their greatest opportunity in life."

Others who have indorsed the bonds are E. F. Clark, Brook Hawkins, James R. Page, and Chester W. Brown.

Literature on the question may be obtained from the headquarters of the committee at 1060 South Broadway.

### Ebell Club to Hear Talks by Newspapermen

The Ebell Club will have a symposium on newspaper activities at its meeting this afternoon, with speakers from the daily newspapers of the city. Thornton S. Hardy will represent The Times and will talk of "Headlines." A. Y. Tully of the Express, "News Service;" E. E. Hollingsworth of the Herald, "Broadcasting;" Othman Stevens of the Examiner, "The Cub Report;" and L. B. Fowler, Illustrated News, "The Column and Critics."

The psychology section holds its last meeting for the year, this morning, and the drama section will close Wednesday. The Shakespeare department meets tomorrow. A special guest luncheon Wednesday, and the annual luncheon Thursday of the French and Spanish departments, are other activities of the week.

### FRED NIBLO TO FILM "THE LADY" IN EUROPE

NOTED METRO DIRECTOR IS LOANED TO SCHENCK FOR TALMADGE PICTURE

Combining his first vacation in years with important film production work, Fred Niblo will leave for abroad shortly to photograph exterior scenes for the coming Norma Talmadge picture, "The Lady," in Monte Carlo.

Fred Niblo, whose contract with Louis B. Mayer now makes him a prominent member of the Metro-Goldwyn-Mayer forces, is being lent to the Joseph M. Schenck organization to make a picture with Miss Talmadge. With its completion he will return to the Culver City plant to carry out the terms of his Mayer contract, which still has about two years to run.

Mrs. Niblo, known to the screen as Enid Bennett, will accompany the director on the trip. They will go first to France and after a brief stay in Paris will proceed to Monte Carlo to get the atmospheric background shots for the Talmadge production. They plan then an extended tour of the continent before returning to Hollywood where Niblo will resume work on the picture, which presents the star in a colorful romantic role.

### FLUTE MELODY INSPIRES MUSE

John Knox Paid Tribute in Poem by Uncle John

Verse Stirs Player to New Height of Artistry

Sabbath Program Offering Shows Great Merit

Liquid notes dripping heaven's tears, Cadences of struggle engulfing youthful years, Patience unending replete with haunting fears, Indomitable will, advice of seers: These have made you what you are

Nature's encouragement, song of birds, A voice of love, inspiring words, Laughter of water, soft lowing herds, Kindness of friends your heart engirds: There have shown you destiny's star.

JOHN S. DAGGETT, Copyrighted May, 1924.

Thus did Uncle John express the feelings engendered by the notes which fell from the flute of Harry C. Knox, inspired by these words Harry Knox played last night as he never played before. He also was responsible for the manner in which Radioland was entertained on the Sabbath from KHJ. He arranged the program which presented Mrs. Harry C. Knox, pianist; Virginia Flohri, soprano, and Walter Kendall, "cellist."

The concert was begun by Virginia Flohri, who sang Gounod's "Serenade" accompanied by Mrs. Harry C. Knox with flute obbligato by Harry Knox. Revealing the musical talents which course through her family, Edith Knox, youthful daughter of the concert, presented Mrs. Harry C. Knox, pianist and accompanist, Edith Knox, pianist; Virginia Flohri, soprano, and Walter Kendall, "cellist."

The program was continued by Harry Knox, who sang Gounod's "Serenade" accompanied by Mrs. Harry C. Knox with flute obbligato by Harry Knox. Revealing the musical talents which course through her family, Edith Knox, youthful daughter of the concert, presented Mrs. Harry C. Knox, pianist and accompanist, Edith Knox, pianist; Virginia Flohri, soprano, and Walter Kendall, "cellist."

**TRIO EXCELLENT**

A trio consisting of Harry Knox, flute; Walter Kendall, "cello," and Mrs. Harry C. Knox at the piano, played Martin's "Serenade." "Serenade" by Gabriel-Marie. These two excellent numbers were followed by a flute solo, "Legende et Danse Slave" by Liszt, and "Caprice Viennois" by Kreisler. Her keyboard manner disclosed surprising musical maturity and the results of careful training.

Edith Knox justified the fondest expectations of her father by her style in the rendition of Padewski's "Minuet" and Grieg's "Country Gardens." Again the soprano notes dropped from Virginia Flohri's lips in "My Heart at Thy Sweet Voice" from Samson et Dalila by Saint-Saens. She was accompanied by Mrs. Harry C. Knox. Mr. Knox who played the flute obbligato, obliged with the "Album Leaf," by Niccolini and then gave way to his daughter Edith, who played Chopin's "Nocturne in F major" and "Vals Brillant," by Franz Liszt.

**PIANO NUMBERS**

The next selection played by the trio composed of Mr. Knox, flute; Walter Kendall, "cello," and Mrs. Knox at the piano, was entitled "Spanish Dance," by Moszkowski. The trio added several selections from Verdi's "Traviata" and then the "Song of India," by Kersnow. Virginia Flohri, accompanied by Mrs. Knox, sang the "Vals Song" from Gounod's "Roméo and Juliet."

### AMERICAN SOCCER TEAM HUMBLER ESTHONIA IN OLYMPIC CONTEST

### Fred Wright Cops First Ojai Valley Club Invitational Golf Tournament

**LEONARD WILL RETIRE SOON**  
Benny to Forsake Mittens for Stage After Two More Ring Dates  
(BY A. P. NIGHT WIRE)  
NEW YORK, May 25.—Benny Leonard, world's lightweight champion, will engage this year in two more ring engagements and then forsake the pugilistic profession for the screen and the stage, according to Billy Gibson, his manager.

Negotiations for a match between Leonard and Mickey Walker, world's welterweight champion, are now pending, after which Leonard will defend his lightweight crown against his foremost challenger, according to Gibson. Win, lose or draw in either bout, Leonard, he added, would hang up his gloves for good.

**AILEEN IS WINNER OF LONG RACE**  
Cliff Smith's Cruiser Cops First Honor in 'Round Catalina Grind  
Aileen, owned by Cliff Smith, won the race from the California Yacht Club to Catalina and back in the express cruiser class yesterday afternoon, triumphing a whole fleet of good boats. Smith's powerful vessel, a 35-foot, 10-horsepower motor launch, did the distance in 4h. and 41m., this being good time for the seventy-mile run. Col. Herbert L. Church's Maudslayi was second, just ten minutes later. Milt, owned by Tom Milt, took third.

In the B-boat class for sailing boats L. H. Farwell's California came in first after completing the six and three-quarter mile course. Ben Weston's Zebra was second, with McCree, owned by John M. Langston, finishing third. The California took the championship in this class, having won the first heat a week ago. The Zebra copied the odd heat Saturday.

Capt. Owen C. Churchill's Maudslayi defeated all comers in the Star-boat sailing class, nosing out Roy Schauer's Movie Star by some seven seconds. It was a wonderful race, S. Nordoff's Stardust was third. The Movie Star won the championship in this class, having taken the first heat a week ago and the second Saturday.

**RITOLA ESTABLISHES NEW WORLD RECORD**  
(BY CABLE AND ASSOCIATED PRESS)  
HELSINKI, Finland, May 25.—In the elimination competition, Olympic games, at Paris, Wilho Ritola, who came here from America to run as a member of the Finnish Olympic team, today established a new world's record for the 10,000 meters, covering the distance in 30m. 2-4-6. A heavy rain was falling at the time. Ritola is attached to the Finnish-American A. C. and holds the American championship in the 2,000-meter dash and the 10,000-meter run.

**PREMIER RIFLEMAN**  
German Walks Off With Ned Cutting Trophy in Los Angeles Club Weekly Shoot  
The German, known as "Rickenbacker Reed" in shooting circles, took the first leg on the Crossman trophy with a score of 199 on the German Ring target at 200 yards.

**YANK SETS COURSE RECORD**  
(BY CABLE AND ASSOCIATED PRESS)  
ST. ANDREWS (Scotland), May 25.—All the best amateur golfers in England and Scotland have assembled at St. Andrews, the cradle of the noble game, for the start of the amateur championships Monday morning. There is only one visiting American among the 200 entrants, but inasmuch as he has beaten par over both the old and new courses, the British look upon him as a whole invasion by himself.

No fanfare of journalistic trumpets hailed the coming of this American—Francis Brown of Honolulu—but as soon as the crowd of golf-loving Scots heard that there was a "Yankee" over here who was outwitting the prodigious Milt Tolley, they have been following his every step in droves. The American rewarded them for their trouble by breaking the record of the new course with a 67 and the record of the old course with a 70. Brown, who

**SIWASHES AND TIGERS SPLIT**  
Vernon Wins Opener, 8 to 4, and Takes Series  
Indians Run Away With Second by 13-to-6 Count  
Billy Lane and Brick Eldred Are Stars of Day  
BY ROBERT E. RAY  
Vernon and Seattle broke even in yesterday's bargain bill, the Tigers taking the first game, which wasn't so bad to watch, 8 to 4, while the Indians romped away with the finale, 13 to 6. Vernon won the series, four to three. Ten thousand fans watched the two teams go through their half-and-half performance.

Billy Lane, Seattle center fielder, hogged hitting honors for the afternoon by smacking eight hits in ten trips to the plate, collecting five out of five in the first game. "Brick" Eldred provided the fielding features with several nifty catches in right field.

**SETTLED EARLY**  
The second game was settled in the first three innings when the Indians banded Courtney, Vines and Christian for twelve runs. Stueand, who finished the first game after the Bengals had rapped Williams off the mound, hurried the visitors in the closing encounter, although the Tigers hit him hard in the final innings.

Seattle started off with a rush in the second game, counting twice in the first. Lane opened up with a drawl, but was forced second by Brady. Rohrer's double to right sent Brady to third. Brady crossed the plate on Eldred's infield single and Rohrer scored on Ted Baldwin's long sacrifice fly to Blakesley. The Indians routed Courtney in the second when they ran across three more. After two were out, Stueand started the rally with an infield single. Lane's single to left sent Stueand to third, from where he scored on Brady's single to the same territory. Vines then took Courtney's place. Eldred greeted the lanky Vernon hurler with still another single to left. Lane counting. Eldred continued Vines' reception with a double to right that scored both Brady and Rohrer. T. Baldwin popped to McDowell for the third out.

**OUTDO THEMSELVES**  
The Indians outdid themselves in the third when they added six more to their bloated run total and chased Vines off the mound. Singles by Bowman, Emmer, E. Baldwin, Eldred and T. Baldwin, Vines' double and three Vernon errors were responsible for the deluge of Seattle markers.

Stueand wasn't especially effective in the remaining innings, but the Tigers couldn't overcome the huge lead, so that was that. Leo Cadore's good pitching brought the Bengals in easy in the opener. Cadore blanked the Indians up until the seventh, when Frank Emmer, who filled in at short for Seattle in place of Sam Crane, smashed the ball over the highest part of the left-field fence for a home run. After this Cadore let down and the Indians got three more runs.

**TIGERS START EARLY**  
Vernon got one in the first on doubles by Chadbourne and Blakesley. Chad's double was of the fluky variety, the ball taking a bad hop just as Bowman was about to grab it. The "Tigers" got three more in the third on two triples, a double, a single and an error by Brady. Williams was knocked off the mound in the sixth when the Tigers laced him for four more runs and Stueand came to his rescue. Wes Griffin started the sixth by rapping one over the left-field fence. Hannah singled and took third on Jack Warner's triple to right. Cadore fanned. Chadbourne hit a sacrifice fly to left, scoring Reed, and Warner also crossed the plate when Lane's throw to the plate bounced over Tobin's head. Doubles by Menosky and Blakesley accounted for the final Tiger run.

The Tigers left last night for a three-week invasion of the great Northwest. Bill Essick took all his players, but three, Secretary Howard Lorenz also accompanied them.

**TWO OF THE NAVY'S BEST**  
The gentleman hoisted off the floor is Jackie Rich, midweight wrestling champion of the Pacific Fleet. The human derrick doing the weight-lifting stunt is "Hercules" Forrest, who holds the heavyweight title of the same territory. Forrest is a whale of a job, standing 6ft. 8in. tall and weighing 280 pounds. Both will be seen in action at the Philharmonic Auditorium Wednesday night, Forrest meeting Yussif Hussane and the latter "Bulkhead" Mulligan.

### ANGELS WIN BOTH GAMES

Ote Crandall Cops Morning Tilt, 5 to 2, and Tom Hughes Annexes Final Clash, 1 to 0

(EXCLUSIVE DISPATCH)  
SACRAMENTO, May 25.—The much-battered Angels came to life with a bang here today and beat Sacramento in two of the best games seen here this year. The scores were 5 to 2 and 1 to 0, the morning game being played at Stockton.

Tom Hughes and Ote Crandall, the two deerskin old veterans of the Seraph hurling staff, were responsible for the victories, the former annexing the afternoon tilt and Crandall starting off the day by thumping the Solons in the morning.

The home club never had a chance in the afternoon fracas. Hughes pitching masterly ball. After the sixth inning the Solons never even got a hit. Marty Krug won the game in the fourth inning when he poked a single to left, scoring McAuley from third. Crandall was complete master of the situation in the morning contest. The heavy hitting of Wally Hood and Cedric Dursel featured the game, each man getting three hits in four trips to the plate. Cochran slammed out a home run for the losers.

The Angels took the series, four games to three, and moved into sixth place.

**SAYS GEORGES IS NO SET-UP**  
Scribe Predicts Gibbons Will Be Given Hard Scrap  
Carpentier's Condition Gives Experts Big Surprise  
French Boxer Heftier, But is Graceful as Ever

(EXCLUSIVE DISPATCH)  
MICHIGAN CITY (Ind.), May 25.—We got a good slant at Georges Carpentier stripped for action this afternoon in a series of training bouts at the army here and we must say that we were very much surprised with the general appearance of the French boxer as he glided through his tricks with his sparring mates.

Thin of face, but with a body as strong looking as Jack Dempsey's, the Frenchman looked to be at least twenty pounds heavier than the day he went down to defeat three years ago in Jersey City at the hands of Dempsey. He might not be as speedy as he was on that occasion, but he is much bigger and stronger looking all around.

Weighing in his light street clothes 184 pounds today will make his fighting weight probably 175 pounds, or eight pounds more than on the day he engaged Dempsey.

**HITS LIKE FIEND**  
The ring was very slow, but the Frenchman was just as graceful as ever. His waist line is much stouter than in former days, but there does not appear to be any superfluous flesh. Altogether his appearance caused a general surprise among the experts present. He was hitting like a fiend even though his opponents were far from being first-rate subjects.

**FRITCH IN TRAINING**  
Paul Fritch, French lightweight, who is to meet Sammy Mandell on the same card with Carpentier and Gibbons next Saturday also went through a period of hard-training stunts.

**Golf Course to be Opened With Splurge**  
A three-day celebration, beginning Decorated Day, will mark the opening of the Southern California Athletic and Country Club's golf course at Lake Elsinore. While it was first believed that only nine holes would be ready for play on the opening day, the rapidity with which the grass has come on within the past two weeks makes it apparent now that fourteen of the eighteen holes may be played upon.

John Duncan Dunn, internationally known golf course architect who laid out the course, is head of the committee that is perfecting arrangements for the opening day.

**DICKERSON TO REFEREE BOUT**  
Name Grand Rapids Scribe as Arbitrator in Battle at Michigan City  
(EXCLUSIVE DISPATCH)  
MICHIGAN CITY (Ind.), May 25.—E. W. Dickerson, well-known sporting writer of Grand Rapids, Mich., was selected this afternoon to serve as referee for the ten-round international match between Georges Carpentier and Tom Gibbons here next Saturday afternoon. Dickerson has been identified with boxing for many years and his selection to serve as third man in the ring was agreeable to all the principals involved.

**GOLFERS HAMPERED BY RAIN AND COLD**  
(BY A. P. NIGHT WIRE)  
CHICAGO, May 25.—Rain and cold today again greeted golfers practicing for the national open golf championship elimination rounds of the West at Oak Park Country Club Tuesday and Wednesday and scores were either incomplete or inconsequential for the most part.

Nearly all the 154 western entrants are on the ground and most of them have played for a few holes to several rounds on the course.

**ANGEL RODRIGUEZ BEATEN BY BOYKIN**  
(BY CABLE AND ASSOCIATED PRESS)  
BUENOS AIRES, May 25.—The American negro fighter, Joe Boykin, former sparring partner of Luis Firpo, Argentine champion, last night won the decision in a ten-round bout over Angel Rodriguez of Uruguay, the South American light-heavyweight champion. Rodriguez is credited with having knocked out Firpo at the beginning of Firpo's career.

**WILLARD CAPTURES GOLFING LAURELS**  
(BY A. P. NIGHT WIRE)  
DEL MONTE, May 25.—H. A. Willard of San Francisco, won the rector's golf tournament here today, defeating R. A. Burton of Los Angeles at the twenty-first hole.

**"STRANGLER" LEWIS BEATS DAVIS COURT**  
(BY A. P. NIGHT WIRE)  
WINNIPEG (Man.), May 25.—"Strangler" Lewis, world's heavyweight wrestling champion, successfully defended his title here last night, defeating Dick Davis, the great Canadian, after a thrilling match.

**TOOK THREE PUTTS**  
When he finally reached the green he took three putts. Wright played the fifteenth perfectly and took a 4, while Hurley was trapped and holed out for 5, giving Wright a lead of two strokes. On the short seventeenth Wright hobbled a putt and Hurley cut his lead to one stroke with a 3. With the last hole capable of deciding the tournament, Hurley blew up, sliding into the rough, pitching into a bunker and holding out a 6.

(Continued on Page 10, Column 6)

**HURLEY GIVES VICTOR BATTLE**  
Flintridge Star Wins With Two Stroke Margin  
Homer Martin of La Cumbre in Third Place  
Clark Spiers Turns in Low Score of Final Day

(BY CHARLES WEST)  
"Times" Staff Correspondent  
OJAI, May 25.—Although Homer Hurley pressed him hard on the second round, Fred Wright won the first Ojai Valley Country Club invitation tournament today with two strokes to spare for the thirty-six holes of medal play.

Wright scored 73-80-115, while Hurley's 73-79-157 was second. Homer Martin of La Cumbre, who was tied for second place yesterday, finished 77-81-114 for third place and R. Clark Spiers turned in the lowest score of today's play, 75 and was fourth with a total of 160.

Wright led by two strokes at the end of the first eighteen holes, and retained this lead in spite of poor putting today. He played in a foursome with Hurley and the stars put on a real battle for the edification of the gallery. Hurley never overcame the lead of three strokes Wright piled up on him yesterday. Although several times he was within one stroke of the Flintridge luminary.

**PUTTING IS POOR**  
Usually deadly on the greens, Wright had a hard time with his putter today, taking three putts on four greens and missing a whole flock of short ones. His inaccuracy was probably due to the fact that he hung on to the wheel of a leaping silver all the way from Los Angeles this morning, arriving just in time to tee-off. Wright went back last night to be the guests of honor at Flintridge's annual high jump championship.

The final round was really quite a battle. At the turn Hurley had picked up two strokes on Wright, and from the way Wright was running the cup it looked as though Hurley would come through and win. Wright won the tenth and thirteenth in spite of trouble with a trap on the latter hole, but Hurley took a 4 against a 6 for Wright on the fourteenth, which allowed to the right of the green, and in spite of a diligent search in a clump of poison oak the ball was lost.

Bees Offer Stubborn Resistance in Opener, But Fall  
Easy Prey in Closing Number

(BY A. P. NIGHT WIRE)

SALT LAKE CITY, May 25.—San Francisco won both games today and took the series from the Bees, six games to one. The scores were 3 to 8 and 17 to 10. The first game of today's double-header was an exciting contest decided in the ninth inning, the Bees making two doubles in succession for the winning tally. Thereafter McCabe struck out the succeeding three batters. The Bees hammered Kallio and Hulvey in the second game, while Mitchell pitched well enough to win.

Manager Bert Ellison of the Bees had a remarkably successful week. He made a total of twenty-five hits, ten of which were home runs. His hits went for a total of fifty-eight bases. He batted in twenty-seven runs, ten of them in Saturday's game. His average for the week was .678. The scores:

A CHUCKLE FOR EVERYBODY

**PANTOMIME : : By J. H. Striebel**

**A Narrow Escape**

**THE GUMPS—WHERE DID YOU GET THE HAT?**

THE COMICS WHERE DID YOU GO?

JUST A LITTLE SURPRISE FOR YOU - THE SALES LADY SAID IT WAS JUST THE KIND OF A WAY A MAN BUYS FOR HIS WIFE - I'LL BET WHEN YOU GO WALKING DOWN THE STREET WHICH THAT WAY ON!

YOU OLD DARLING - HOW DID YOU EVER THINK OF BUYING ANYTHING LIKE THAT?

IT MAKES YOU LOOK LIKE A JUNE BRIDE - GREEN BUT IT'S SWEET - ITS AS FULL OF LIFE AND COLOR AS A BUNCH OF PINE CRACKETS - I TELL YOU

IT'S A STUNNING WAY - IT WAS SO SWEET OF YOU TO THINK OF BUYING IT FOR ME -

WHAT WILL I DO WITH THIS MINNESTROUS? IF I DON'T WEAR IT AMY'S FEELINGS WILL BE HURT - IF I DO WEAR IT I'LL BE LAUGHED OUT OF TOWN - THIS WOULD BE AN IDEAL WAY FOR A LADY INSPECTOR IN A COAL MINE - BUT I CAN'T GO OUT ON THE STREET

PEOPLE WILL SIT UP AND TAKE NOTICE-

MIN, I WISH I WAS A WOMAN- I'D LIKE TO WEAR A HAT LIKE THAT MYSELF-

WEARING A FOREST PRESERVE THIS HAT HAS MORE FLOWERS ON IT THAN LINCOLN PARK-

## NOTICIAS MUNDIALES DE LA ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times" que estudian en la lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Buena parte del futuro progreso de Los Angeles, que es la metrópoli de los Estados Unidos que más cerca se halla a territorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestras hermanas, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tan sólo dos coristas de este hecho nuestros habitantes, que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los días esta columna, en la que se encontrará español correcto y enteramente moderno.

## NOTAS TELEGRAFICAS

Europa Transformada de Nuevo por el Cambio Político en Francia.

PARIS, Mayo 25.—(Cable de "The Times")—Todo el mundo se ha sentido intranquilo a la salud como un acontecimiento de buen augurio la caída reciente del gobierno de Poincaré, que se decía iba a devolver a Europa la normalidad, por la que tanto ha suspirado. Poincaré hecho por fin a un lado, los radicales y los socialistas en el poder! El internacionalismo sucederá al nacionalismo en París. Los socialistas británicos, alemanes y franceses van a tenderse la mano por sobre las fronteras y los países, y a colaborar en la creación de una era de verdadera paz y buena voluntad. El plan de Dawes va a ponerse pronto en vigor, a solucionar la cuestión alemana, y luego todas las demás cuestiones serán estudiadas y solucionadas.

No es agradable ser pesimista. Yo desearía poder predecir que tan placenteros resultados están al venir. Pero hay que decir que las indicaciones son contrarias. Europa, lejos de componerse por el derrocamiento de Poincaré, ha caído en una nueva confusión. Cualesquiera que sean sus defectos, Poincaré representaba algo estable. Tenía una política lógica y deseable, y combinaciones en toda Europa que entrañaban fuertes elementos de solidez.

Al presente, Francia, la nación más poderosa de Europa, ha entrado en un período de duda y de inestabilidad. Y todas las demás naciones europeas se hallan en un estado de duda por lo que mira a sus relaciones extranjeras. Bajo condiciones de esta índole, ¿cómo se puede esperar un programa de legislación, y puede derrocar, si necesario fuere, a un gobierno racional?

El Senado está todavía dominado por el bloque nacionalista, cuyo líder es Poincaré. Las elecciones de invierno dejaron a este partido con una suficiente mayoría, y ya no habrá nuevas elecciones de senadores sino hasta dentro de tres años. Poincaré no tiene, sin embargo, el gobierno un ministerio radical socialista, su poder sería limitado. Por otra parte, según la constitución francesa, la autoridad recae en punto de relaciones extranjeras reside en el Presidente. El señor Poincaré, al haber sido elegido por la asamblea, ha dejado ver muy claro que continuará haciéndolo así. Tal es la razón por la que los radicales han levantado tal grito, pidiendo su retiro.

Finalmente, los varios grupos de las izquierdas tienen graves diferencias. Como de ellos quiere ser la autoridad final que ha de decidir lo que es el verdadero socialismo, y combaten con igual ímpetu a los socialistas moderados y a los fundamentalistas de las iglesias americanas. Sería un verdadero milagro político si que lograran unirse en un mismo programa práctico.

La verdad es que resulta muy probable que el elemento Poincaré tenga que formar parte del gabinete que habrá de formarse a principios de junio. Tal vez se logre la presidencia por el partido radical, y tendrá el Ministerio de Relaciones Exteriores el Senado. Así pues, en el caso más favorable, habrá todavía mucha dilación, y en épocas como la actual la dilación es cosa grave. Hay muchos elementos que se aprovecharán de ella.

Además de la situación de Francia, hay muchas otras causas de inestabilidad, que implican al conjunto europeo, pudiendo a la ligera señalarse estas entre muchas otras: La actitud de Mussolini; la de Rusia; la de Polonia; Rumania; y de los reaccionarios alemanes.

## DEPORTES

El equipo de fútbol soccer americano derrotó ayer al equipo de Benton, por anotación de 1 a 0, en la contienda olímpica de París.

Italia venció a España por 3 a 0, y Checoslovaquia salió vencedora de Turquía por tanteo de 5 a 2.

Los Tigres de Vernon se dividieron ayer los honores con los Indios de Seattle, en el parque Washington y ganaron la serie. Los Bengales vencieron en el primer partido por 3 a 4; pero perdieron el segundo por 13 a 6. Los Angeles se llevó a Sacramento en

## KANSAS CITY TO GET AIR MAIL TERMINAL

(SPECIAL REPORT)

KANSAS CITY, May 25.—The Postoffice Department virtually has agreed to establish an air mail terminal here. Richard Field will be selected as the site for the terminal, providing it meets government requirements. The government plans to establish an air route between here and Omaha. The plan provides for one hour and fifty minutes service between the two cities. Mail from this territory would be routed in Omaha for transcontinental service. The Postoffice Department will spend approximately \$400,000 in improvement if the air terminal is located here.

## ADVERTISERS OPEN SESSION

FRESNO, May 25.—Opening the twenty-first annual convention of the Pacific Coast Advertising Clubs' Association today, Don Francisco of Los Angeles, president of the association, read a telegram from President Coolidge expressing his greetings.

The telegram was read at an inspiration meeting held today in the Hotel Park. Formal sessions of the convention are scheduled to start tomorrow morning. The telegram was as follows:

"Please express to the Pacific Coast Advertising Clubs' Association my greetings and good wishes. Advertising is the given word of the producer to the consumer. As advertising men it is your duty to see that word is not broken and keep faith with the public which relies upon you for guidance in the daily affairs of life."

## WEST FOR THE WEST

Marshall Dana, associate editor of the Portland Journal, was the orator of the day and the keynote of his speech was "Let All the West Advertise All the West."

He pleaded for a better understanding between California and the Northwest. He said in part: "We would still be near the log-cabin days of American progress, if not for advertising. American invention would lack incentive and voice. We never could have accumulated a wealth of \$100,000,000 in this nation's short life, when all the world's wealth at the time amounted to \$100,000,000. We never could have owned half the railways, three-quarters of the telephones, nine-tenths of the automobiles and all but 2 percent of the radio. We never could have spread in a century 3000 miles over a raw territory to make the land stand the best. Advertising is to business as electricity is to the dynamo. The things that often get the most advertising get the most money any time. The foot-and-mouth epidemic spread the same swift, free bearing of the wings of fear. The best remedy for the foot-and-mouth epidemic was to stop the free publicity campaign in its behalf."

TRUTH IS STRESSED

Just prior to Mr. Dana's address Law E. Holland of Kansas City, president of the Associated Advertising Clubs of the World, made a short talk in which he emphasized the importance of truth in advertising.

Wortham C. Beaumont, president of the Fresno Advertising Club delivered the address of welcome, to which Mr. Francisco responded.

The general sessions will open at 3 a. m. tomorrow with Mr. Francisco in the chair. E. H. E. Holland, president of the Associated Advertising Clubs of the World, will be the main speaker of the morning. Other speakers will be David C. Williams, State Assemblyman from the Forty-ninth District, and personal representative of Gov. Richardson, who will deliver the address of welcome; C. E. Pearson of San Francisco; Miss Alice Irwin of a Los Angeles newspaper; W. A. Hamman of San Diego and Walter Woshke of San Francisco.

An informal reception will be held tomorrow night.

## STOP WORRYING ABOUT YOUR LIVER, STOMACH OR CONSTIPATION TROUBLES

NEUREX LIVER TREATMENT has proven wonderfully effective in many stubborn cases, in overcoming disorders arising from derangements of the functions of the liver, as sick headaches, biliousness, constipation, dyspepsia, congestion of the liver, derangement in catarrhal, or malarial jaundice, symptoms of gall stones or retarded flow of bile from the gall bladder.

Send for a 35c package of our Neurex Liver Treatment today and let us help you get your liver, stomach and intestines again into a healthy condition.

Standard Drug Company, Offices at 244 Broadway, Los Angeles, California.—Advertisement.

## Woman's Greatest Asset

Health is woman's greatest asset. Upon it depends charm, beauty, power to attract others, happiness and success, and it is what really makes life worth living. Thousands of women suffer from headaches, backache, nervousness, mental depression and mysterious pains, who could find immediate relief by taking Lydia E. Pinkham's Vegetable Compound which is made from roots and herbs. For nearly half a century this medicine has been recognized as the standard remedy for woman's ills.—Advertisement.

# LAST SEQUEL THROWN IN SUIT

Injunction Case Is  
Center of Interest

Case of Vannu in Hearing  
Regarded as Certain

Quiet in Bishop;  
Talk Ends

Of the desert ranchers  
shifted at Bishop

Investigation  
of the Los Angeles

to the first hearing  
of the case.

This will take  
place at the county seat

today, and though  
nothing but a formal

hearing was almost the sole  
of the community.

There will be a change  
of the case.

As Judge Deby, before  
the suit will come, is be-

lieved to be somewhat in-  
terested in the case.

It is believed that the  
case will be heard at the

county seat today, and  
though nothing but a formal

hearing was almost the sole  
of the community.

There will be a change  
of the case.

# NABS COCK ROBIN SUSPECT

Officer Scenting Clew to Murder Conducts Tattered  
Youth to Psychopathic Ward

Patrolling his beat early yesterday morning Patrolman Armstrong

of the Wilshire Station spotted a young man, dressed in the tattered

garments of a woman, directing traffic at Vermont avenue and Wash-

ington street. The officer was interested and wanted to know "how

come?" "What's doin' here?" he de-

manded. "Who killed Cock Robin?" the

youth asked. "Who killed Cock Robin?" the

officer asked. "Who killed Cock Robin?" the

officer asked. "Who killed Cock Robin?" the

officer asked. "Who killed Cock Robin?" the

officer asked. "Who killed Cock Robin?" the

# SCORES TAKEN IN DRY SWOOP

More Than Fifty Arrests by  
County Officers

Two High School Girls and  
Escorts Seized

Squads Circle City; Autos  
Stopped, Searched

Sweeping in a circle around  
Los Angeles late Saturday night

county officers made the most  
spectacular series of raids since

the prohibition law became ef-

fective. Sweeping down on suspected

places in Glendale, Lomita, Signal

Hill, Culver City, Montrose, La

Canada and other points, the

officers made more than fifty ar-

rests. Charges ranged from viola-

tion of the Wright Act to con-

spiracy to violate the Volstead

Act. Including a number of high-

school girls and other women,

thirty-four arrests were made.

Two high school girls and their

escorts were seized. The girls

were charged with conspiracy to

violate the Volstead Act. The

girls were charged with conspir-

ing to violate the Volstead Act.

The girls were charged with con-

spiring to violate the Volstead

Act. The girls were charged with

# FAMILY BOOSTS SIZE OF LOS ANGELES

Ship Also Brings Honeymooners With Romantic Story

George D. Squires Is Run  
Down by Auto

Woman Killed as Car Skids  
East of Riverside

Motorcycle Spill Proves Fatal  
at Redondo

Two persons were killed and

George D. Squires, State Insurance

Commissioner and personal attor-

ney for Gov. Richardson, was in-

jured in traffic accidents during

the week-end in Los Angeles and

vicinity. Mr. Squires, who is 35 years of

age, and Mrs. Squires were struck

at Seventh and Hope streets yes-

terday by a machine said to have

been driven by J. B. Faulkner of

761 Grand avenue, South Pasade-

na. Mr. Squires received two

broken ribs and internal injuries,

but is not seriously hurt. His

wife escaped with minor bruises.

**WOMAN KILLED**

The dead are: Mrs. Anna D.

Nunn of 1818 West Twenty-ninth

Place, and Wayne Hulsey, son of

E. R. Hulsey of South Bend,

Wash. Mrs. Nunn was instantly

killed when her automobile in which

she was riding blew a tire and skid-

ded on the Hot Springs grade east of

Riverside. Mr. McKenney of

4817 1-2 Morgan avenue, the driver,

and Mrs. Nunn's husband, a

passenger, were not injured. The

# THIRTY NEW CARRIERS TO MAIL FORCE

Additions for July 1 Are  
Still Insufficient to Give  
Efficient Delivery

Thirty carriers will be added to

the postoffice force in Los Angeles

July 1, in accordance with authori-

zation received by P. P. O'Brien,

postmaster, from Washington. Six

additional carriers were employed

for regular duty on the 18th inst.

Previous additions of carriers for

regular duty included nine on

December 17, 1923, and 166 last

fall.

Despite additions to the carrier

force authorized from time to

time, the local office has not yet

a sufficient number of men to

handle most efficiently the rapidly

increasing business of the office.

Postmaster O'Brien said. The

postmaster has appealed to the

Postoffice Department for a still

further increase of the carrier

# THINK SHOTS FOUND 'SILK HAT' BANDIT

Officers Hide in Baldwin  
Hills, Engage Suspect in  
Battle; Man Escapes

The mysterious "silk hat" bandit

engaged deputy sheriffs in a

gun battle early yesterday in a

secluded spot in the Baldwin Hills

and escaped apparently wounded.

According to Capt. Bell of the

sheriff's squad, the suspect was

seen in the section where the

bandit has been terrorizing

parties in recent weeks. Deputy

Sheriffs Dewar and Montrose

noted the suspect in the section

where the bandit has been terror-

izing parties in recent weeks. De-

puty Sheriffs Dewar and Montrose

izing parties in recent weeks. De-

puty Sheriffs Dewar and Montrose

noted the suspect in the section

## WATER SUPPLY SURVEY URGED

Chamber Asks Appointment of Three Engineers

Would Settle Debate Over Aqueduct Resources

Public Service Body Action Expected Tuesday

With the view of settling once and for all the debated question as to the quantity of dependable water available in the Owens and Mono valleys for use in this city the Los Angeles Chamber of Commerce, in a letter filed with the Board of Public Service Commissioners yesterday, suggested the appointment of a committee of three prominent engineers outside the city's service to make a thorough survey of this problem.

It has been repeatedly pointed out by Chief Engineer William Mulholland of the municipal Water Bureau that the available supply of water that can be delivered from Owens River by the present Aqueduct is sufficient only for a population of 1,000,000. In this connection, Mr. Mulholland has officially urged that steps be taken to provide for the construction of an aqueduct to bring water for domestic purposes into Southern California from the Colorado River.

Interests opposing the city's plan for the development of new water resources from the Colorado have asserted that there is sufficient water available above the present Owens River aqueduct to meet the requirements of 10,000,000 people.

This statement has been answered by William Mulholland, who has cited water measurement records covering the past forty years in support of his statement that the reliable supply of water available above the Aqueduct is sufficient for only 1,000,000 people.

In its letter to the Public Service Commission the Chamber of Commerce suggests that the committee of engineers appointed by the city to investigate the water situation be composed of J. B. Lippincott, A. L. Sonderberger and a member of the firm of Quinton, Code & Hill.

The chamber's letter now on file with officers of the department of public service will be taken under consideration by the commission at its Tuesday session. It is believed that immediate steps will be taken by the Public Service Commission, acting with the City Council, to follow out the suggestions contained in the Chamber of Commerce letter.

**BLUE-PRINT COURSE**

A short unit course in blue-print reading for carpenters and builders has been organized at the Lincoln Evening High School and the course in this subject will meet five days a week from 7 to 9 p.m. The course will consist primarily of the study of blue prints prepared by architects and used by contractors recently in putting up buildings.

## "Y" LEADER GOES EAST TO COUNCIL

Director Will Confer With Secretary Wilbur on Navy and Army Building

Attorney Irving C. Louis, chairman of the Y.M.C.A. educational board of governors and member of the board of directors, left Saturday to attend the educational council of North American Y.M.C.A.'s, which is to be held at Blue Ridge, N. C., the 26th inst. and June 1. Mr. Louis is the only delegate from Los Angeles to this meeting, though several Y.M.C.A. secretaries, including H. O. Hill and R. H. Kees of Los Angeles, are making the trip at the same time to attend the employed officers' conference.

At the conclusion of the council meeting Mr. Louis will go to Washington to confer with Secretary of the Navy Wilbur regarding the plans of Los Angeles citizens to erect a Y.M.C.A. building for Naval and Army men at San Pedro. He will visit the leading Y.M.C.A. schools en route home to gather building suggestions which can be utilized in remodeling the Central Y.M.C.A. as well as the construction of the proposed Ninth-street branch for colored men and boys, and completion of the Hollywood building project. He expects to return before the opening of the Y.M.C.A. campaign to raise \$1,000,000, which was announced Friday. He plans to stop at New York, Philadelphia, Cleveland, Detroit, Chicago, Minneapolis, Portland and San Francisco.

## STUDENTS SCHEDULED FOR EUROPEAN TOUR

The following students attending various colleges in Los Angeles are leaving Los Angeles July 1 under direction of the D. P. Robertson Travel Bureau on a tour through Europe, returning September for the opening of school: Miss Lenore Dula, Miss A. L. New, Mr. and Mrs. J. B. Lippincott, Miss Margaret Elfers, Miss Evelyn Graham, Miss Jeanette Kaiting, Miss Dorothy Foster, Miss Mary Eyre, Miss Rowena Eyre, Mrs. Rose Dermant, Mr. Ted Dermant, Miss Una Fowler, Miss May Abbott, Miss Edna May Addison, Miss Norabelle Davidson, Miss Evelyn Thomas, Miss Ina Rolfe, Mr. and Mrs. W. G. Nott, Mr. and Mrs. D. Mead and others.

The party will be chaperoned by Miss Dula and Miss Fowler, teachers at the Manual Arts High School. They will sail from Montreal, visiting England, Scotland, Holland, Belgium, Switzerland, Germany, France, Austria and Italy, returning on the S.S. Leviathan.

**AUTHOR TO SPEAK**

Harold Bell Wright, noted author, will be the principal at the meeting of the Girls' Corner Club at 7 p.m. tomorrow in Burdette Hall, Philharmonic Auditorium, according to announcement made yesterday by Mrs. Frances Neth, director of the club. Mr. Wright will arrive in Los Angeles today and will leave for his ranch in Arizona Wednesday morning. He will be at the Ambassador.

## PRIZES TO SPUR PARADERS

Seven Thousand Expected in Line

Chance to Win Handsome Trophy  
Della Clarke (left) and Dean Engstrom (right) show Lt. L. J. Amson one of cups to be awarded in Memorial Day parade.

## KAUFMAN TO GO EAST

Director of Famous Players-Lasky Theaters to Book Features

Albert A. Kaufman, managing director of the Famous Players-Lasky, Metropolitan, Million-Dollar and Rialto, departs tonight for New York for a conference with eastern executives of the corporation.

Mr. Kaufman announced that he expects to book a score of attractions for the Metropolitan Theater. He said the policy of playing feature acts proved so successful during the last year that it will be continued. Among the acts scheduled for early appearance at the Metropolitan are Irene Franklin and Vincent Lopez Junior Band.

Mr. Kaufman will also visit in Chicago, his former home, and spend a short vacation at Atlantic City.

**MEETING FOR DISTRICT**

A meeting of the board of directors of the Brooklyn-avenue Chamber of Commerce will take place today at 2 p.m., at the home of Dr. S. S. Fina, 3008 Brooklyn avenue. The aim of the organization is announced to be the general welfare of the Brooklyn Heights district.

**W**ITH the definite assurance yesterday that members of the Western Rangers will participate in the Memorial Day observance at the Coliseum Friday afternoon, officials sponsoring the military parade expect upwards of 7000 to be in line for the march around the ellipse inside the Coliseum.

For the first time in years Memorial Day will be celebrated here with true military flavor. The afternoon exercises at the Coliseum are designed to be of special significance to the younger generation. Every effort is being made to bring as many of the city's school children to the amphitheater as possible.

Present indications point toward a gathering that will tax the capacity of the Coliseum. Seats will be reserved for auxiliary units, the parent bodies of which will take part in the parade.

With the gates of the Coliseum opened to the public at noon and with community singers furnishing a song festival up to the time of the parade, the throng will find something of interest throughout the period from noon until almost 4 o'clock.

Boy Scouts will act as ushers. The eastern entrances will be used by spectators, and the west gates will be used for parade units, which will assemble at Thirty-ninth and Menlo streets within the Exposition Park grounds, beginning at 12:30 p.m.

The Grand Army of the Republic will have a special section at the east end of the parade. These honor guests will be escorted to their sections by Sons of America in advance of the parade.

## HEALTH BUREAU FOR CHILDREN IS PLANNED

**PROPOSED FOR PRE-SCHOOL AGE DEVELOPMENT IN COUNTY**

A county health bureau under direction of Dr. S. G. Pomeroy, with a primary purpose of caring for and improving the health of pre-school age children, shortly may be formed as a result of negotiations pending between Dr. Pomeroy and Alexander Fletcher, representative of the Metropolitan Life Insurance Company.

The move was started by Lee K. Frankel, medical director of the local welfare bureau of the insurance company. Although no direct benefit is expected to the county, an indirect gain in prolonging life is obtained. For that reason the new bureau, it is stated, will especially care for the child under school age, at the period when several important changes are taking place in the child's body.

**SHAKESPEAREAN RECITAL**

A Shakespearean recital will be given by the Los Angeles Shakespeare Club next Thursday evening in the auditorium of the Hollywood Library. Frederick Ward, assisted by Mr. Kimball and Mr. Duxton, will give several scenes from Richard VIII. Richard Kean will present scenes from Richard III and Shakespearean music will be played.

**STYLE AND REVUE MERGED**

Something new both in theatricals and fashion revues is promised Los Angeles in a combination of the two to be given at the Ambassador Arena, opening June 5. It is "Miles, Magnificent," with a book by Myles McCarthy and lyrics and music declared to be of the best revue type. The arena will be redecorated and adapted for the purpose. After a limited engagement here, the play will be taken to San Francisco and other northern cities.

Principals in the cast include Olive Ann Alcorn, who has the title role, Richard Le Strange, Sidney Franklin, Frank Crane, Sammy Cohen, Derek Glynn and a chorus of twelve men and forty-two girls. Specialties will be given by the Loomis Twina Jimmy and Della Marione, Eddie Clayton and Warren Hewitt. "Baby Stars" will also appear especially in the fashion pageant. Established stars of the screen will appear on various nights.

## DOBBIN KAYOED BY GAS BUGGY

Stopper Out for Cancer Hits Unexpected Hard

Among other advantages of an automobile over a horse is durability in a collision. It was demonstrated yesterday at Exposition Park. A Stover of 1185 West Thirtieth Place was exercising a stepper named "Mac Watts" on the horse track. Ralph Dickson of 1185 South Main street had picked the truck as a good place to park a small truck. The horse rounded a turn at his best clip and ran full into the truck. He received severe injuries, and his driver was thrown and received bruises which were treated at Receiving Hospital. The car was not damaged.

## MRS. LLOYD TO RESUME FILM WORK

To Make Comedy Dramas When Child is Bit Older, Husband Announces

Mildred Davis, motion-picture actress, Mrs. Harold Lloyd, in private life, will return to the screen when her baby girl, born last Wednesday, is a little older. It was announced yesterday by her comedian husband.

Lloyd promised his wife when they were married he would not object to her return to the film provided he could produce the pictures himself, he said yesterday. Under the present plans, he said, Mildred Davis will be starred in a series of comedy dramas to be produced by the Harold Lloyd Corporation.

Plans for the new project now are said to be in connection with William R. Fraser, general manager of the Lloyd organization, and John A. Quinn, who is producing the series being considered for Mrs. Davis is "Alice in Wonderland," studio officials said.

It is likely the pictures will be made at the Hollywood studios where Lloyd comedies are made. Lloyd said the comedies will build his own studio in Westwood.

Both Mrs. Davis and her baby were reported to be doing nicely at the Good Samaritan Hospital yesterday. The parents are still seeking a name for the child.

## Poll Reveals Southland for Ban by Treaty

A poll to ascertain the sentiment in California on President Coolidge's stand in regard to a more diplomatic exclusion of Japanese under the new immigration bill is being conducted by the Better Pictures' Association of the World of which John A. Quinn of this city is president.

At Mr. Quinn's request, Rev. M. J. Quinn, D.D., pastor of the Wilshire Boulevard Christian Church, is conducting a survey, with a result that a great majority believed the President's course the right one. Mr. Quinn announced that similar polls will be taken in motion-picture theaters today and that a meeting will be conducted tomorrow at 2 p.m. at the City Club for the purpose of compiling the results and drafting a telegram to President Coolidge.

Mr. Quinn yesterday sent a telegram to President Coolidge asking for an expression from members of the Wilshire Boulevard Christian Church, and more delegates. Officials expect an attendance of 8000 realtors from all parts of the United States and Canada. Eighteen California towns and cities have already made reservations on the special train, which will be routed over the Union Pacific Railroad to Chicago.

The train will consist of one drawing-room car, three or more combination drawing-room compartments, two standard sleepers, a baggage car and an observation car. The train will mark the first of California realtors on their own train, officials say.

## LA MARADA PROMISING

Encouraging Showings are Made As Wells Go Deeper

In the La Marada district, adjacent to the Santa Fe Springs field, the showings have been such that the people in the district are encouraged. The Petroleum Producers Syndicate well No. 1 is down 500 feet, the drilling job has been completed and the well is clear. It will be drilled deeper. The Scientific Oil Company well is down 450 feet and the cement is being drilled out. It is said that this district is similar in formation to the Santa Fe Springs field, but that the formations are at a deeper level than in the discovery field.

## Poor Rheumatic!

Aching joints and muscles are signs of poison in the system, that possibly have been collecting for years. Relief from the torturing pains will come through the natural elimination of the impurities. Get back to health again, enjoy living, be happy—drink Mountain Valley Water from Hot Springs, Ark.

## TOO MANY DOGS, HUSBAND SAYS

Parakeets, Too, Become Intolerable

Divorce Plea Tells of Wife's Whims

Man Wants Freedom from Menagerie

Life among ripping dogs and chattering parakeets having become intolerable, Albert A. Moore filed respectful protest with his wife, Mrs. Teresa W. Moore, according to his complaint in a divorce action on file before the Superior Court.

A cordial invitation to "go jump in the lake," was her reply to his representations, the complaint related. That being that, Moore felt free to avail himself of the freedom of the great open spaces of a renewed bachelorhood, where a man is a man and not simply a specimen in a miniature menagerie, and proceeded to file with the court his plea for cutting the bonds of matrimony.

The home of the Moores and Mrs. Moore's collection of dogs and birds at 4816 Wilshire Boulevard. Mrs. Moore is listed in the city directory as president of Moore, Inc., at the same address.

Moore's principal objection to sharing his home with his wife's dogs and parakeets, according to the complaint, was that they damaged and destroyed the furniture. He explained this to Mrs. Moore, he said, in his suit. To this explanation, he said, she made the pointed reply that she loved her pets and she did not love him. Her only suggestion, he declared, was that if he did not relish the behavior of the dogs and birds, "he could get out."

Mrs. Moore, when picked, expressed herself with violence, her husband declared. Once, he said, she snatched a picture out of stock and hurled it at him. Another time, according to the complaint, she fired a book at him, scoring a direct hit. In addition he charged her with kicking, scratching and utilizing him as a footstool.

The Moores were married in New York in 1913 and separated last January 11, according to the complaint.

## REALTY MEN OF STATE TO INVADE EAST

Special Train to Convey Delegates on Journey to Washington

A special train will carry Los Angeles and Southern California real estate men to the national convention of the National Association of Real Estate Boards, June 3 to 6, next, at Washington. The Los Angeles section of the train will leave here Wednesday at 10:30 a.m. All sections of the train will meet at Ogden, Utah.

At Salt Lake City the delegates will be greeted and entertained by the real estate board of that city. An entire day will be spent in Chicago as guests of the Chicago Real Estate Board. California is competing with other States for the attendance prize at the convention.

Henry P. Barbour, president of the California Real Estate Association, who will be in charge of the train, urges every real estate board of the State to send one or more delegates. Officials expect an attendance of 8000 realtors from all parts of the United States and Canada. Eighteen California towns and cities have already made reservations on the special train, which will be routed over the Union Pacific Railroad to Chicago.

The train will consist of one drawing-room car, three or more combination drawing-room compartments, two standard sleepers, a baggage car and an observation car. The train will mark the first of California realtors on their own train, officials say.

## Stock Disease on Wane; Only Two New Cases

Two outbreaks of the foot-and-mouth disease in territory previously infected were reported by the control forces yesterday. One was in a herd of twelve cattle and three hogs at a dairy at Riverside and the other outbreak affected two head of cattle at Los Alamitos, just across the Los Angeles county line in Orange county.

The general situation is reported to be encouraging. Both outbreaks were attributed to cattle in free ranges breaking through to infected pastures.

## STYLE AND REVUE MERGED

ALIEN LAND ACT IS ATTACKED

"Cropping Contract" With Japanese Is Issue  
Right of Legislature to Amend Law Questioned  
Hearing to be Held Before Judge Clock, June 4  
A new attack on the California Alien Land Ownership Act has been opened in the Superior Court of Los Angeles county. The first hearing in the proceedings is scheduled to be before Judge Clock on June 4, next.  
Renewed litigation against the law, the constitutionality of which was upheld by a recent decision of the United States Supreme Court, this time involves the whole question of the status of initiated alien contract. Specifically the action is a complaint by W. L. Porterfield and Yoshitomo Misuno, asking an injunction restraining U. S. Webb, Attorney General of California, and Dist. Atty. Keyes from interfering by civil or criminal action with the execution of a proposed contract between Porterfield and the Japanese, under which Misuno cultivate eighty acres of Porterfield's land for 40 per cent of the produce therefrom.  
This is a so-called "cropping contract." The Supreme Court of California has held that a "cropping contract" does not convey an interest in real estate within the meaning of the Alien Land Act of November 2, 1915, as originally passed. Following that decision the State Legislature, on June 30, 1923, passed an amendment to the act, specifying that a "cropping contract" should be considered as conveying an interest in realty within the meaning of the measure.

AMENDMENT UNDER FIRE  
The validity of this amendment is the point under fire in the present litigation. The plaintiffs contend that the legislature has no authority to amend the initiated Alien Land Act. They ask, therefore, that the Attorney-General of the State and the District Attorney be enjoined from interfering with their proposed contract, as a matter of equity submitting that it would be too expensive for them to test the act by risking violation.  
In their demurrer to this complaint, Keyes and Webb state that it does not show sufficiently on what grounds it is contended that the amendment is invalid. It is the argument on this demurrer that will be heard June 4.  
Referring to the text of the amendment to the Constitution of California providing for initiative legislation, discloses that it is specifically stated that an initiated act can be amended only by vote of the people, unless the particular act carries within itself provision for some other manner of amendment. The Alien Land Act made no such provision.  
If Judge Clock upholds the constitution of the plaintiffs and finds the amendment of June 30, 1923, to be invalid, the State apparently will be thrown back upon the provision of the original initiative act, which the State Supreme Court has already ruled that a "cropping contract" does not violate.  
In Porterfield's recent case before the Supreme Court of the United States it was found that the State's action against the particular "cropping contract" then under consideration did not constitute a violation of the treaty rights of a Japanese alien.

MAXFIELD NAMED TO SAFETY COMMITTEE

Announcement was made yesterday by Dr. A. S. Abdun-Nur, chairman of the Los Angeles Safety Committee, that John D. Maxfield, manager of the Fire Prevention and Safety Bureau of the Chamber of Commerce, will serve as a member of the committee. Measures designed to make all places of employment in the industrial areas of Los Angeles reasonably safe for workers will be advocated by the committee. In addition to Dr. Abdun-Nur, the committee now consists of J. H. Childs, health department sanitary engineer; Robert Odell, president of the Board of Education, and Maxfield.

MASONIC ASSOCIATION IN VISIT TO HARBOR

Five hundred members of the Past Masters' Association of the Masonic Fraternity Saturday spent the day about the harbor under guidance of their president, E. P. Inguire, who also is the president of the San Pedro Chamber of Commerce. After a boat trip through the harbor, they went to Point Pirmin Park for a barbecue.

CHILEANS AGITATE IN CHILE

In the latest country to take up agitation for prohibition, Chile, who is at the Clark Hotel, represents an American manufacturer in Chile, and now is visiting California, which is a great area of fertile land not as yet under cultivation. While the population is only 4,498,000, the Chileans don't favor the admission of foreigners into their country, and their immigration laws bar everybody.  
"Their attitude is one of indifference rather than dislike toward persons from other countries," said Mr. Farron. "They occupy such a far-off corner of the world that their isolation seems to have rendered them sufficient unto themselves. There are few Americans in the country, but there are many Britons and Germans, who may be credited with most of the developments that have taken place."  
While Chile at the present time is enjoying a fair degree of prosperity, its currency in terms of American money is only about a third of its normal value, Mr. Farron said. This interferes with American trade to a considerable extent. On the other hand, the Chileans carry on a brisk trade with Europe, whose exchange is more nearly on a par with their own.

ALIENS BARRED

To the very best imported ones, regularly \$10.80,  
for .....\$8.80  
(Second Floor)

A dark, vertical, textured image, possibly a book cover or a close-up of a material. The texture is grainy and uneven, with some lighter and darker areas. There are some faint, vertical lines and a small, dark, irregular shape near the bottom. The overall appearance is that of a scan of a physical object, possibly a book cover or a piece of wood or stone.
